

Introduction

Your Smart Phone is Intelligent. Now your accessories can be too.

Thank you for purchasing the Smartcell Car & Wall Combo Charger. Please read this Smart Guide Instructional Booklet carefully before using your device.

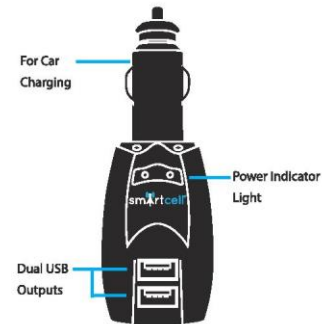

Features

The Smartcell Car & Wall Combo Charger provides everything you need for charging your smartphones and tablets at home or on the road. It contains two power up options: The foldable, flip-down plug allows charging through any standard wall socket. The anterior end stylishly fits into the cigarette lighter/accessory power port in your vehicle. Best of all, this device boasts dual USB ports which allow you to charge 2 devices at once.

This is THE "all-in-one" charging solution.

Using Your Charger in the Car

1 Insert Charger into cigarette lighter/12V accessory power port in your vehicle.
a. If powered, indicator light will be red.

2 Use the USB cable supplied with your phone/tablet & connect your device to Charger's USB port.

3 As with all chargers, please disconnect your device after it is fully charged.

Using Your Charger through an Outlet

1 Flip down the wall prongs located on the back of the Charger, and plug into a wall socket.
a. If powered, indicator light will be red.

2 Follow steps 2 & 3 as outlined above.
